ABOUT ENJOY AI

ENJOY AI is a leading international youth robotics, coding, and artificial intelligence competition platform, inspiring the next generation of innovators through hands-on STEM education. Each year, the program brings together students aged 3–22 from more than 60 countries and regions, promoting creativity, teamwork, problem-solving, and technological excellence on a global stage.

800+

COMPETITIONS EACH YEAR

ABOUT ENJOY AI GLOBAL FINAL

The ENJOY AI Global Final is the flagship event of the competition season, bringing together the world's top teams to celebrate innovation, education, technology, and cultural exchange. Beyond world-class robotics competitions, the event features AI education forums, technology exhibitions, cultural showcases, networking opportunities, and interactive experiences for participants, educators, families, industry leaders, and government representatives.

In 2024, the ENJOY AI Global Final was recognized as the Largest Robot Championships, marking a historic milestone for youth robotics. Building on this achievement, ENJOY AI continues to grow every year, welcoming more countries, participants, and partners while delivering an even bigger and more inspiring global experience.

ENJOY AI

2026 GLOBAL FINAL

★ Robotics Carnival for Youth ★

4th -6th December

LOCATION

The ENJOY AI 2026 Global Final will take place at Hengdian World Studios, the world's largest film and television production complex and one of China's most iconic cultural and tourism destinations. Covering more than 30 square kilometers, Hengdian is renowned for its spectacular historical sets, modern filming facilities, immersive attractions, and world-class event spaces.

Participants and guests will experience the unique atmosphere of this extraordinary venue, where cutting-edge technology meets history, culture, and creativity. As one of the most recognizable destinations in China's film industry, Hengdian World Studios provides a memorable setting for an international celebration of robotics, artificial intelligence, innovation, and global collaboration.

To make the journey even more memorable, depending on the selected package, participants and accompanying family members can enjoy guided sightseeing in Hengdian and Shanghai. Visitors will have the chance to discover Hengdian's famous film sets and cultural attractions, experience its natural beauty, rich heritage and explore some of Shanghai's most iconic landmarks and modern city attractions, creating a perfect blend of competition, cultural exchange, and unforgettable travel experiences.
